HUE Animation Studio Pro does not include a CD. Everything you need to get started can be downloaded from our website.

## activating your software

1. Find your activation code on the back of your **HUE Book of Animation**.

2. Register an account at → [huehd.com/my-account](http://huehd.com/my-account)

A screenshot of the 'My Account' page on the HUE website. The page has a blue header with 'My Account' and a link to 'Home > My Account'. Below the header, there are two main sections: 'Login' and 'Register'. The 'Login' section has fields for 'Username or email address' and 'Password', with a 'Log in' button and a 'Remember me' checkbox. Below these is a link for 'Lost your password?'. The 'Register' section has fields for 'Email address' and 'Password', with a 'Register' button. Below the registration fields, there is a paragraph of text: 'Your personal data will be used to support your experience throughout this website, to manage access to your account, and for other purposes described in our [privacy policy](#).'

- Click on [Register New Software](#) and enter the activation code from your book. Click on the **Activate Code** button to add the license to your HUE account.

- After registering your software, your licenses and product keys can be found on the **License Keys** page of your HUE account (**My Account > License Keys**).
- You will find the correct software for your operating system on the [Downloads](#) page on your HUE account (**My Account > Downloads**).

- The first time you launch your software, you will be asked to enter your product key to activate the software on your computer.
- After installing and activating your software, you can select your HUE camera by clicking on the camera icon on the software screen.

You can also find the latest software updates in **My Account > Downloads** or at [huehd.com/new](https://huehd.com/new)

## about your camera

Focus your picture using the focusing ring.

Your downloadable **HUE Animation Activity Pack** also includes printable backgrounds, or you can simply create your own!

HUE HD Pro

# starting your movie

## 1. Plan your story

You can print your own storyboard templates, backgrounds and other fun resources from the **HUE Animation Activity Pack**.

→ [huehd.com/my-account/downloads](http://huehd.com/my-account/downloads)

## 2. Set up your stage

Visit [huehd.com/setmaking](http://huehd.com/setmaking) to discover tips and tricks for building sets and making your first movie.

## 3. Get to know your software

Visit [huehd.com/tutorials](http://huehd.com/tutorials) to learn everything you need to know about setting up and using your animation software.

## 4. Select your camera

Open **Camera Settings** and select your HUE HD Pro camera.

### Input

Choose your input device

(HUE HD Pro camera)

(HUE HD camera)

Device properties

## 5. Take a picture

Click the **Capture** button, then move the object and take another picture.

Your software will have options to add music and sound effects to help bring any movie to life. The downloadable Activity Pack contains sample sound effects to get you started.

# fun things to try

## Time-lapse

Set the frequency of frames taken and the duration of your movie.

## Green screening (Chroma Key)

See our tutorial **Using Special Effects and Chroma Key** at [huehd.com/tutorials](http://huehd.com/tutorials)

## Disappearing act

Make something disappear by removing a small part closest to the ground each time you take a picture.

## Filming from above

Place your background flat on the table and mount the camera above it.

You can also turn the camera upside down and flip/mirror the image in the **Camera** menu.

# saving and sharing

You can save your project at any time by choosing **Save** from the **File** menu. Many apps also include an **autosave** feature.

When your movie is finished, select **Export** or **Share** from the **File** menu to create a movie file.

You can then share your movie on your preferred video streaming platform.

# important information

The HUE HD Pro camera has been screened in accordance with RoHS Directive (2011/65/EU) and undergone EMC (Electromagnetic Compatibility) testing pursuant to EMC Directive 2014/30/EU, meeting the requirements of EN 55032: 2015 + A1:2020 (Class B), and EN 55035: 2017 + A1:2020.

It has been tested to the UKCA standard for Electromagnetic Compatibility Regulations 2016 (S.I. 2016/1091).

It has also been independently tested and met the requirements for Phthalates and Total Lead Content in Computer and Electronics Accessories under California Proposition 65.

For the latest conformity information, please visit [huehd.com/conformity](https://huehd.com/conformity)

## Recycling

The cardboard/paper packaging (including this booklet) is recyclable where facilities exist. The cable tie is not recyclable and should be retained or disposed of appropriately.

## Disposal

Your HUE HD Pro camera is an electronic product. It should not be disposed of in household waste streams.

For further information about recycling and disposal of waste electrical and electronic equipment in your region, please visit

[huehd.com/recycling](https://huehd.com/recycling)
