About DIT

The Department for International Trade is the Government department that helps UK-based companies succeed in an increasingly global economy.

The range of expert services is tailored to the needs of individual businesses to maximise their international success. Companies are given advice and practical support, and staff can assist at all stages of the business planning cycle, from inception to completion.

The Department for International Trade offers expertise and contacts through a network of international specialists throughout the UK, and in British Embassies and other diplomatic posts around the world.

The Department has four priorities:

- Promote and support UK exports of goods and services.
- Support both Foreign Direct Investment and Outward Direct Investment.
- Develop policy to deliver the best international trading framework for the UK.
- Build the global appetite for British goods and services and encourage people to visit, study, invest in and do business with the UK via the GREAT campaign.

About Animation UK

Founded to support the introduction of the UK animation tax reliefs, Animation UK is now part of the UK Screen Alliance, which also represents VFX, post production and film studios. As the collective voice of the animation sector we represent companies, studios, producers and distributors, ensuring the industry has the best economic and business and creative opportunities to flourish.

We proudly support and advocate for the UK animation industry, with its track record of both commercial and creative successes; and an international reputation for character development, storytelling, design, a range of craft and innovative techniques.

Policy & Representation:

We campaign to government to optimise the UK's animation business environment through tax reliefs, targeted funding and investment and other fiscal and regulatory changes.

Advocacy & Promotion:

We open up opportunities for UK animation companies to export and showcase their ideas and content in international and domestic marketplaces.

Skills and Talent:

We drive the debate on new talent and developing workforce skills that our industry needs, working alongside partners to address the challenges.
